

# Aircraft Management Services

Through Jet Aviation's full aircraft management turnkey program, aircraft owners are provided the comfort and convenience of not having to deal with the complexity of day-to-day flight operations. A welcome discount applies for aircraft owners who sign-up for Aircraft Management services with Jet Aviation at least 4 months prior to taking delivery of the aircraft.

Discounts vary depending on type of contracted services. Please inquire: [am.emea@jetaviation.ch](mailto:am.emea@jetaviation.ch)

## Full Range of Services

<p><b>24/7 Worldwide Flight Planning</b></p> <p>From Jet Aviation's flight operation centers in Zurich, Switzerland; Dubai, U.A.E.; Hong Kong, SAR, China; and Teterboro, NJ/USA, we provide clients with international flight planning and scheduling 24/7.</p>	<p><b>Savings on Operational Costs/Administration</b></p> <p>Savings that Jet Aviation generates based on its buying power – fuel, insurance premiums and other operating expenses – are passed onto the customer 1:1. Further, the company reviews, scrutinizes, processes and pays all third-party invoices, which are then re-invoiced to clients once a month at cost, with no mark-ups.</p>	<p><b>Aircraft and Passenger Insurance</b></p> <p>With a fleet of more than 200 aircraft, the high level of our crew qualifications, flight standards and safety record, Jet Aviation is in a unique position to negotiate much lower premiums for the most comprehensive insurance policies with the broadest coverage available for clients.</p>	<p><b>Crew/Crew Training</b></p> <p>Jet Aviation will locate and provide clients with the most qualified crew that meets their approval. The crew will receive annual recurrent simulator training with the world's leading provider of aviation training services.</p>
<p><b>Maintenance Coordination</b></p> <p>With a network of maintenance facilities in Europe, the Middle East, Asia and The Americas, Jet Aviation has committed itself to the safety of our clients. Our aircraft type specific maintenance coordinators will support all of your technical needs in connection with a client aircraft.</p>	<p><b>Revenue Opportunities</b></p> <p>Aircraft ownership can also provide clients with opportunities to generate revenue. As one of the world's largest international providers of charter services, Jet Aviation can add a client aircraft to one of our Air Operator Certificates, enabling a client to earn income from his asset while reducing fixed expenses.</p>	<p><b>EU/Emission Trading System (EU/ETS)</b></p> <p>Jet Aviation can handle monitoring and reporting of all relevant data in connection with the EU/ETS requirement.</p>	<p><b>Additional Services</b></p> <p>Jet Aviation can help clients evaluate, purchase or sell aircraft, assist with financing and in simplifying aircraft registration. It can also assist with completions supervision and technical acceptance of aircraft.</p>
